

Alfalfa Cubes Drippings Springs

We are a family operation that has been in the hay business for over 45 years. During those years we have sold product both domestically and over seas. The current location of our plant allows us better shipping options for our customers. We have ample supply of high quality alfalfa to make cubes.

Analysis

17.0% Protein min, 34.0% Fiber max, 1.4% Fat min

No Round-Up

100% Sun-Dried, Non-Gmo Alfalfa

All Natural Alfalfa Cubes

At Midway Farms & Forage, we believe in using high quality, all natural products. We are a family run operation that's been in the hay business for over 45 years, and we maintain an ample supply of high quality, non-GMO alfalfa to make premium alfalfa cubes with.

Premium Horse Feed

Alfalfa hay cubes are an excellent source of good quality protein and fiber and they are higher in minerals and more palatable than grass. Alfalfa hay has the most feed value of any perennial pasture forage and can be fed to horses, dairy cows, sheep, chickens and many other farm animals. The high protein and vitamin content of alfalfa makes it especially beneficial for young, growing horses.

At Midway Farms & Forage, we can provide and ship all natural, Select-Way Premium Alfalfa Cubes to OKC, Downsville, Loranger, Drippings Springs, Weatherford and anywhere else throughout the United States.

Our alfalfa horse cubes provide additional benefits such as reduced dust, reduced storage requirements, consistent nutrient contents and no waste. The all natural alfalfa cubes have not been in contact with Round-Up and they are 100% sun-dried and non-GMO. If you have questions about our Select-Way Premium Alfalfa Cubes or are ready to order your horse feed today.
